KINGSVILLE'S BUOY BAND

Cedar Island Yacht Club's mighty tug boat "Little Toot" was pressed into service for its final duty of the year.

Through the summer, channel markers guide boaters from the perils of a capricious Lake Erie into the Cedar Island channel and the safe harbour that awaits.

Every year, it is the responsibility of the Cedar Island Yacht Club to remove these buoys and place them on dry land for their winter hiatus.

This year's crew took advantage of the warm "indigenous

summer" weather and performed the task with glee. The thousands of zebra mussels that perished were less gleeful.
